

Employee of the 2010 Summer Quarter

Debbie Batucal has been a quiet, stabilizing support within our L.A. Region for the past six and one half years. She is formally known as the Administrative Assistant to the L.A. Operations Director, yet her contributions have exceeded her title. It is because of her continuing dedication to Westview that she is being recognized as Westview's "Employee for the Summer Quarter - 2010".

Debbie is not only dependable, professional and cheerful when performing administrative duties, she is efficient in every additional task she takes on or is assigned. Debbie coordinates the region's meetings and formal events and conducts program audits to help assure regulatory compliance. She creates flyers for regional activities, regularly conducts program safety training, has formed strong working

relations with Regional Centers and has recently developed four new volunteer job sites for L.A. client groups.

There is much more but let us listen to one Senior Coach who has beautifully summed up his regard for Debbie which is shared by fellow employees, "During the years that I have worked with Debbie her demeanor has been beyond reproach. She is people oriented and always willing to assist anyone in the L.A. region."

**Congratulations
& Thank You,
Debbie!**
